GDPR (General Data Protection Regulation) Policy 2026

At Cornerstone Home Services Limited (trading as Cornerstone Home Services), we use trusted third-party software providers to securely manage and store customers data, providers including, but not limited to;

- Tradify
- Xero
- IONOS

These systems are accessed via secure platforms and are designed to protect personal data from unauthorised access or loss.

While we rely on these providers to store and process data securely, Cornerstone Home Services Limited remains responsible for ensuring your personal data is handled in accordance with UK GDPR.

We only collect and process customer data necessary to carry out our services, communicate effectively and meet our legal obligations.

Please follow the web links provided below for the GDPR policies of the above trusted third-party providers we currently use.
